UNITED STATES DEPARTMENT OF THE INTERIOR
GEOLOGICAL SURVEY

HYDROLOGIC INTERPRETATION OF GEOPHYSICAL DATA
FROM THE SOUTHEASTERN HUECO BOLSON,
EL PASO AND HUDSPETH COUNTIES, TEXAS

By
Joseph S. Gates and W. D. Stanley

Open-File Report 76-650

Prepared in cooperation with the
Texas Water Development Board and the
U.S. Bureau of Reclamation
November 1976

CONTENTS

	<i>Page</i>
Abstract-----	1
Introduction-----	2
Purpose and scope of the investigation-----	2
Geography of the area-----	2
Terminology for water-quality and resistivity data-----	4
Metric conversions-----	5
Acknowledgments-----	5
Summary of geology-----	5
Consolidated rock-----	6
Unconsolidated rock-----	6
Ground-water hydrology-----	13
Northern Hueco Bolson-----	14
Southeastern Hueco Bolson-----	14
El Paso Valley-----	14
City artesian area-----	14
Fabens artesian zone-----	17
Bolson deposits in other areas-----	17
Rio Grande alluvium-----	18
Mesa and sandhills areas-----	19
Water in consolidated rocks-----	20
Geophysical surveys-----	21
Methods-----	21
Interpretation of airborne-electromagnetic data-----	24
Flood plain of the Rio Grande-----	24
Mesa and Sandhills areas-----	24
Interpretation of earth-resistivity soundings-----	26
Profile H-H' along the flood plain-----	28
Cross profiles-----	29
Profile A-A'-----	29
Profile B-B'-----	30
Profile E-E'-----	31
Fabens artesian zone-----	31
Areas east of the cross profiles-----	31
Relation between geophysical data and the geologic history of the Rio Grande-----	32
Summary and conclusions-----	34
References cited-----	36

ILLUSTRATIONS

	Page
Figure 1. Map showing area of investigation and physiography of westernmost Texas and adjacent areas of New Mexico and Mexico-----	3
2. Map showing earth-resistivity soundings, significant wells and test holes, and the line of section on figure 4: (a) in El Paso County-----	9
(b) mostly in Hudspeth County-----	10
3. Electrical logs of four wells and test holes in the southeastern part of the Hueco Bolson-----	12
4. Profile showing quality of ground water between El Paso and Fort Hancock, southeastern Hueco Bolson-----	15
5. Map showing INPUT flight lines and response curves: (a) in El Paso County-----	22
(b) mostly in Hudspeth County-----	23
6. Profiles of resistivity along sounding profiles in the southeastern part of the Hueco Bolson-----	25

TABLES

Table 1. Unconsolidated rocks in the southeastern Hueco Bolson-----	7
